

## **RoHS Conformity Statement**

January 2026

Allied declares that the equipment it manufactures, subject to the EU RoHS directive 2011/65/EU, is compliant for the restriction of the use of certain Hazardous Substances, including amendment under commission delegated directive 2015/63 amending annex II.

Any product certified as "RoHS" Compliant is done so based on data from our suppliers. We have obtained and will continue to obtain "Certificates of Compliance" on these products indicating product conformance to the EU directive.
